

BWEP Dispatch #P007S

Recommended Vehicle: Amphibian or Helicopter
Scenery Needed: ORBX SAK

Nature of Problem: Supply run to Bridge Maintenance Crew

Starting Location: Gaulkana (PAGK)

Special Instructions: Routine supply run to the bridge maintenance crew at the Copper River pipeline crossing. With the amphibian, land on the river and approach the temporary dock to unload supplies and personnel. There is a helipad available for helicopters. The location is about 5 miles south on a 190* bearing from Gaulkana. You can also use the P007S way point for your GPS.
