A yacht club ?

Yes, in fact, many years ago, a small yacht came here during a storm, to find a refuge. It was the times before construction of the piers.

This little bay is well known to be a haven.

Yacht was damaged, and the owner moored boat along an old cabin.

Later, one of the mechanic of the airfield, has repaired the yacht, and start sailing along the Misty Fjords. So, people have named the place : the Old Yacht Club
Old Club, Old Boat, Old Sailor.

Now, young people come to learn sailing. And all pilots and mechanics have given a few money to buy a new catboat, you can often saw her sailing in the bay.
