

RTMM MedEvac Dispatch #E024B
Equipment: Helicopter or Amphibian
Three Victims Overcome by Carbon Monoxide

Special RTMM Scenery Requirements:

- Tongass X

Starting Location: CAB6 – Scud River Airstrip

- Amphibian: “medium parking”
- Helicopter: “medium parking”

Location of Emergency: Bearing from CAB6 is 110° for 17 miles.

Medical Destination:

Amphibian: Wrangell Medical Center Medical Dock
Helicopter: Wrangell Medical Center Helipad

Nature of Emergency: Campers have been overcome with carbon monoxide using a BBQ grill in an enclosed area, it was raining and they moved the grill into their tent. Two are unconscious, one is able to move around and talk. Be sure you have a good supply of oxygen and breathers for 3 people.

Emergency Location: N57 7.3446 W131 28.0948 [Topo Map](#)

Emergency Way point: E024B

- **Helicopter:** Set the GPS for way point for E024B. Start at CAB6 at the “medium parking” area. Fly on a 110° bearing from Scud River for 11 miles to an abandoned airstrip called “Cirque Galore Creek.” Orange smoke is being deployed near an old open hanger. There is an old helipad about a quarter of a mile away, but landing near the orange smoke is safe and will get you to the victims quicker. The victims are under the hanger roof. Secure the victims and set your way point for M002H ... Wrangell Medical Center's helipad.
- **Amphibian:** Set the GPS for way point for E024B. Start at CAB6 at the “medium parking” area. Fly on a 110° bearing from Scud River for 11 miles to an abandoned airstrip called “Cirque Galore Creek.” Orange smoke is being deployed near an old open hanger. Pull up to the hanger, even inside if it is raining. The victims are under the hanger roof. Secure the victims and set your way point for M002F ... the Wrangell Medical Center Medical Dock.
