

**RTMM MedEvac Dispatch #E050H**  
**Equipment: Helicopter**  
**WhitePassYukonRailroad Accident**  
(Subsequent Dispatch to E049B)

**Special RTMM Scenery Requirements:**

- FTX ORBX SAK

**Starting Location: M005H**

- Helicopter: Haines Medical HP N59 13.7538 --- W135 26.3994

**Location of Emergency: E050H**

Bearing from M005H is 359° for 23 miles. [Topo Map](#)

**Medical Destination: M004H**

Helicopter: Dahl Memorial Hospital, Skagway, Ak, USA  
WPYR Glacier Station, Ak, USA, (waypoint WPYR)

**Nature of Emergency:**

A Panoramic Train coming down from White Pass to Skagway Cruise Ship Station went off the rails. Several injured but no life threatening. The emergency doc will decide which injured have to be evacuated directly to the hospital or can be transported to WPRY Glacier Train Station for ground evacuation, a rescue train already is up from Skagway to take all passenger and minor casualties back to Skagway.

**Emergency Way Point: E050H**

- **Helicopter:** Set the GPS for waypoint E050H. Orange smoke is depicted for evaluation of wind direction, red blankets are marking your landing area. Pick up the injured passengers and bring them to WPYR Glacier Station at waypoint WPYR or Dahl Memorial Hospital at waypoint M004H depending on the doctors instructions.
