

# Bettles Lodge and Airport

This is a “real” location, we did our best to duplicate it from Google Earth. This is a popular location relatively near the new BWEP pipeline.

Here is the Google Earth Model. You can see we tried to construct this as closely as possible to the real location.

The location is about 20 miles WNW of Prospect Creek PAPER. The runway and complex is well-lit for low light operations. The starting location is:

N66 55.0935 W151 31.0584 Mag: 127 A “land” start.

This is an “outlier” location for the Dalton Highway Segment of the BWEP pipeline but you do not have to have the pipeline to enjoy this location.

Enjoy

### **SNOW DOG TOURS NOTAM**

If you have Snow Dog Tours, be sure to re-download the latest Snow Dog Tour B – Part 1. (Dated 2018). If you do not need Snow Dog Tours, but it is recommended as the objects show at several of the airports we are updating.

=====

### **OBJECT LIBRARY**

Be sure you have downloaded the latest BWEP Object Library found on the BWEP page or on the

Object Library Page. Dated at or later than 11.21.2016.

The flight plan is located in RTMM Flight Plans.zip that you can download from the Here2There page.

"To Lodge at Black Rapids from Fairbanks.pln" It's a VFR flight plan to the location up over Valdez

Glacier from Valdez. Then you can call this up in FSX using the flight planner and have a flight plan

on the aircraft GPS to help guide you to this destination. That's it.
