

Express Changelog Update - 01.15.2023

SPBs for JDL - V3.2

..... Waterfall, dock moved to open side (near ship) for seaplane

..... Klawock, snow was removed from H1 and several vehicles in the area

..... Funter Bay SPB (PANR)- This is an all new location that has been completed. It has a dock, and a helipad. It is lighted for low-light operations. It uses the existing ICAO of PANR.

..... Hollis - Moved trees that were covering the helipad, reduced cars in long row of cars.

Silver King Lodge (SKL1) - V1.0

..... Silver King Lodge near Ketchikan is finished, with night lighting - dock and helo. This is a new location with its own stand-alone ICAO of SKL1. It is lighted for low-light operations. This is located about 20 miles northwest of Ketchikan on Grant Island. (This is spelled Silverking and Silver King on the internet).

RTMM Test Object Library - V1.04

..... A stone stairway and the Silver King Lodge object have been added
