

## **Snettisham Airport – 7AK2**

Snettisham Airport is a publicly owned, private-use aircraft facility near the Snettisham Hydroelectric Project in Snettisham, Alaska. It is located 31 miles (50km) southeast of the city of Juneau.

Loosely based on the Google Earth and Bing data for the region the airport offers facilities for GA aircraft, including seaplanes, amphibians and helicopters.

GA parking is available at Parking #4, 5, 6 and 7

The Docks #1, 2 and 3 are available for any seaplane or amphibian plane with Dock #4 being reserved for Amphibians ONLY.

Gate H1 is reserved for Helicopters

The main employment in the area is the hydroelectric project which provide local power and also serves Juneau via a 40 mile transimssion line.

In 2020 RTMM sponsored the installation of two custom hangers to support the growing tourist trade that are flocking to the region to explore the beautiful landscape and lakes in the area. Seaplanes can provide custom tours of the local lakes and while you are waiting you can enjoy the spectacular shows that the local dolphins put on as they wait for the return of the fishing boats.

## COPYRIGHT AND LEGAL STATEMENTS

Return to Misty Moorings (RTMM) is a freeware site made up of a volunteer team that creates fascinating and beautiful scenery locations in the RTMM "area".

The RTMM area is currently defined as southern Alaska (bounded by Anchorage to the north and Homer to the west), southwestern British Columbia and western Washington state.
